As you can see things have changed slightly with the Kitchen Garden program this year. Children will all be in the garden together on Wednesdays and they will also cook weekly on a Thursday. It would be great to have another pair of hands in all of these sessions. Please put down any times that you may be available.

We are happy to accept any donations of surplus fruit or vegies. If any primary producers out there would like to donate small amounts of meat Julia would be happy to incorporate meat into our menus.

Any questions talk to Julia Wardrop [kitchen specialist], Lisa Stewart [garden specialist] or Jayne Mainprize Potter.
